No refunds or exchanges.

Please allow a 20 x 20 ft space for dumping, as well as, 20 ft clearance from all other objects due to potential rolling of the logs.

FAQ

What kind of wood is this?

Much of the wood is ash brought in from trees removed due to emerald ash borer. Wood may vary on type, but most pine wood has been sorted out.

What size is quartered wood?

Quartered wood is bulk logs that have been split into pieces about 3 ft in length and 1 ft wide. This is NOT split firewood, which is not available for delivery.

Is the wood seasoned?

Generally not, although, some of the quartered wood was made from older logs.
